NOTES FROM MARILYN: (February 2023)

Butch and I would like to thank everyone for the Christmas presents and goodies! We really have a wonderful community with GREAT caring members!

Please remember— your contractor and you should not use rock salt on the sidewalks.

1. **Just a reminder there is no ice skating on the pond. This is per Appendix II—the rules that apply to the Common areas and Community Center.**
2. **If you are using the Gym and notice a piece of equipment is not working properly, please let myself or Butch know so we can repair it as quick as possible.**

******The following will be in the newsletter every month until we have no one getting hit by the gate or driving thru and breaking the gate******

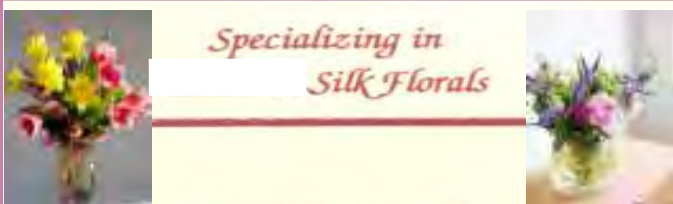

REMBER:

If the arm of the gate is up in the air and there is no car in front of you, you may drive thru.

The gate sensor will detect your car and the gate will reset itself after you drive thru. The arm will come down after you go thru.

If there is a car in front of you, do not drive through until the gate comes down and re-sets itself after they go through. If you drive through before the gate comes down after the car in front of you went through, the gate will come down and hit your car—which means you are piggy backing, and the gate arm will hit your car!

HAVE PATIENCE, HAVE PATIENCE, HAVE PATIENCE!!!
